

SCRUBBER-DRYER

CPS 43 BX Li

PROFESSIONAL VERTICAL FLOOR SCRUBBER-DRYER

 **COMET**

CPS 43 BX Li

Compact in size, great in performance.

CPS 43 BX Li is the innovative answer for effective cleaning small and medium-sized surfaces, even in the most difficult spaces.

Powerful, handy and intuitive, it combines the strength of an industrial machine with the convenience of compact dimensions.

SUITABLE FOR CLEANING:

BARS

RESTAURANTS

HOTELS

GYMS

OFFICES

Powerful, compact, handy and intuitive

More powerful

- › Deep cleaning and instant drying.
- › Very large water tanks: 5-liter solution tank and 8-liter tank for dirty water.
- › Long working time of up to 90 minutes in ECO mode.
- › 25.6V-15.5Ah lithium battery, easily removable.
- › Water reserve indicator, front light, water/solution flow adjustment.

More practical and environmentally friendly

- › Its separate standard detergent tank, operated from the control panel, allows saving water without cleaning the clean water tank on a continuous basis.

Smooth, advanced and technological

- › Easy access to emptying via the flexible discharge hose.

CPS 43 BX Li

GENERAL FEATURES

- Long working time: up to 90 minutes (ECO mode)
- Theoretical cleaning efficiency: up to 1200 m²/h
- Super capacious water tanks: 5l (solution) + 8l (suction)
- Ultralight design: 20 kg (empty tanks)
- High-speed double brushes: 380 rpm
- Effortless and labor-saving: +50% improved efficiency
- Faster and deeper cleaning
- Smarter and more digital operation
- Quick replacement of brushes and squeegee without tools
- Ready to use: lithium battery and standard charger included
